## Kinglake development maintenance

Are you interested in the quality of the paths, parks, hedges and trees in the newest housing extensions to the village? If so, please read on.

When part of the extension to Bishops Hull (known as Kinglake) was built, the developer, Persimmon, agreed to look after the open spaces until it was transferred to Somerset West and Taunton Council. That transfer has not happened because the District Council is unwilling to take responsibility for maintaining the area. Persimmon is, after discussions with the Parish Council, now undertaking semi-regular maintenance, until a longer-term solution can be found. But what should that solution be?

There are many potential solutions to this issue, but the Parish Council need to hear your views.

\* Option 1 A management company, residents association or similar, could be set up by Kinglake residents, if there was enthusiasm to do so, but would require residents to contribute to a community fund to pay for the maintenance. This would be similar to the situation at the neighbouring Abbeydale development, where a requirement of the planning permission was the creation of a management company to look after these spaces.

\*Option 2 The land be transferred to the Parish Council for it to manage, but that would, in the longer term, require an increase to the precept (the proportion of Council Tax the Parish Council receives) from all residents in Bishops Hull.

Whoever takes on the responsibilities will receive a sum of money from Persimmon to pay for the maintenance, but that money is not limitless and will run out. That is why this is an important local issue for all residents and the Parish Council, especially as there is no guarantee Persimmon will continue to maintain these areas, even in the short term.

Please email [bishopshullquestionnaire@gmail.com](mailto:bishopshullquestionnaire@gmail.com) to have your say.

## Speed Indicator Devices

Following many resident's requests for more Speed watch activity, because of regular speeding through parts of the village at all hours; the Parish Council is currently investigating the possibility of siting a mobile Speed Indicator Device (SID). Speed watch volunteers are extremely limited to operating times, currently 1 hour per week daylight hours and subject to weather conditions. This equipment has shown considerable success in neighbouring villages, to remind and slow down regular 'speeders'. Therefore, making the local roads safer for all. To enable best use of the equipment, the units need to be regularly moved to different (agreed) locations to gain maximum effect. If any of our residents hold a 'Chapter 8' card/certificate and would be willing to assist with the movement of a SID, approximately once every fortnight, please let our Parish Clerk know at your earliest convenience. Thank you. Tony Taylor Chairman.

## Proposed Bishops Hull Sensory Trail – Public Consultation so far

At the time of writing, we have just completed the public consultation day at The HUB and have received initial feedback online as well. The consultation continues until the end of November. The feedback so far has been overwhelmingly in favour of the overall project. There have been very valid issues raised by local residents and this will be taken into account as we move forward to the next stage, the detailed design. The following quote from Janet sums up the overall picture: "The HUB is superb, the playing fields are always beautifully maintained, and this new project has something for everyone. A really exciting initiative. Well done and thank you to all involved." The proposed ramp and steps, clearly laid out and explained by the excellent work of Richard Holland, drew unanimous support. Once we have completed the consultation, we will report back to the Village Hall & Playing Field Trust and the Parish Council. **David Gurr**

## Winter vaccines

Having had my Autumn Covid-19 booster and Flu vaccinations recently, I wanted to say how impressed I was with the efficient caring service received, both at Taunton Vale Healthcare in Lisieux Way and our local College Way Surgery. To get your booster dose of the coronavirus (COVID-19) vaccine, type 'book a booster jab' into your preferred search engine. This will take you to the NHS.uk website where, at the time of writing (13/11), this was the information given:

There are 2 booster doses of the coronavirus (COVID-19) vaccine you may be able to get:

- First booster for everyone aged 16 and over, and some people aged 12 to 15 who are at high risk from COVID-19, once they have completed their primary COVID-19 vaccination course and a seasonal booster (autumn booster) for some people, including those aged 50 years or over, those at high risk from COVID-19 or who are pregnant, and frontline health and social care workers.

- If you have not had a 1st booster dose yet, you are still eligible and can book anytime. If you are eligible for both, you only need 1 booster during the autumn.

When booking, please use the NHS website first. If you cannot use the NHS website, you can phone 119 free of charge. You can ask someone else to do this for you if you prefer. You will need your NHS 10-digit number. You don't need to wait to be invited to have your Flu vaccination, if you are eligible, you can make an appointment at your GP surgery or ask any pharmacy that provides the NHS service. Take care - **John Hunt**
